> The main outlines of your career were necessarily before the executive Committee and the Committee of Management at the time of your coming to us; and I think is might be suitable if I were to mention a lew of the facts that then came before us o his meeting.

Minister of the Gospel of Jeaus Christ.

Ladies and Gentlemen - While our Pastor has been an ordained minister of the Church for the long period of 25 years, his experience of Christian work extends over is term much longer, for from his boyhood he seems to have been actively engaged in the effort to spread a knowledge of the Gospel among those about him. In 1873 we find him a Sunday School Teacher in the Castle Gate Congregations Church at Nottingham, of which he became a member in the following year, After various other practical experience of Chris tim work he became a student of attempty College, London, in 1876. There he had a distinguished career, gaining the Holme's Jubiles Prize, at that time the only important price open to competition in the College. Towards the close of his theolo-

The latter he accepted and in the course was ordained in the parterate care of Hodderdon Commentional Church, in Hertfordshift. This took place in the Autumn of 1880, and it is of this event Ladies and Gentlemen, we ment to-night to calabrata the semi-jubilee.
The Church at Hodde-don he found in a somewhat depressed condition, but under his care the congregations became large and regular, and new organizations, especially among the young people, dame into existence; and the flourishing state of affairs he was able to leave to his succesor has proved permanent.

Mr Hickling's mislonary enthusiasm, ing proved by his work for the London Missionary Society in the home land, to which I have stready referred, has here found an outlet in many directions, of which possibly the most important and far-raching has been the affliation of this Church with the To Tsai Native Church of the London Mission in an effort to reach hilherto unevangelized villages in our own New Territory, under the title of the Hongkong and New

Peak Branch in the stated services for

shildren conducted by Mr Hickling at the

Territory Evergelization Society. The Literary Club, the most successful organization of its kind that has existed in this Colony, must, after allowances are made for the energy of its officers, be acknowledged as a direct outcome of Mr Hickfing's many sided personality.

The broad view of life taken by Mr Hickling, and the interest he has shown, - and practically shows, in every form of regreation and legitimate sport have opened a way for him to the hearts of the young men of the Colony, and he has not been alon to avail himself for spiritual purposes of opportunities thus sflorded him. His interest in sport is not a thing of recent growth. In his early manhood he was an original member of the Notts Forest Foot. ball Toam, and himselfstarted an Amsteur Oluh which eventually twice won the County Cup. A Crickel Club at Nottinghamalan originated by Mr Hickling itstill -in existence and going strong.

In this brief resume of your career, Sir, I have confined myself, as it seemed to me you would wish, to the bare statement of the facts. Your life among us as our Pastor has been in line with what we were led to expect of you. By your zeal for the Master's service; by themirror of truth and rightenusness which you have constantly heldun to our view from the pulpit; by your constant endeavour, through example and precept to form in us all a true Chile ian character; by your sermons and prayers, endeavouring to spiritualize our minds, and correct theworldly tendencies too appare t in the social and business life of this Colony; by your manly courtesy by your sympathy and kindly deeds, you have won our affection and esteem.

In order to commemnate this auspicious occasion, and to place in your hands some small tangible token of our esteem for you, and appreciation of your labours since you came among us, the Committee as representing the Congression have requested me to ask your acceptance of these books, which they trust may be of value to you. The books are as follow:---

The Life of our Lord Jesus Christ by Tisset (2 vols.); 'The Middle Kingdom' y, Williams (2 -vols.) : Dictionary, of I Bible, by Hastinge; The Encyclopaedia of Missions by Dwight Tupper and Bliss ; * Chinese Characteristic, by Smith : 'The Religious of Authority and the ligion of the Spirit, by Sabatier; 'The Life of James Legge, by his Daughter. Before I sit down. I wish in a word to vice the feelings of every member of the one regation as to out high appreciation THE of Mrs. Hickling's services to the Church She has proved herself a model minister's wife, and has endeared herself to all. We rejeto with you in the joys of your family ife, in the business greer honourably pening up before your son, and in the supposeding marriage of your daughter. To the latter I would have been tempted to referin greater detail, but I understand that the ladies of the congregation will at a Ager stage of the evining's proceedings have omawhat to say more directly on this

Inconclusion, permit me in name of this congregation to express the prayer, that You may he long epared to continue the work for God and His Church to which you have devoted yourself with such carnest nurpose during these pasitwenty-five years; and that the ripe experience you have gathered in the very widely differing spheres in which you have moved may by God's grace enable you is render yet larger service to Christ's kingdom in the years to

THE LIENCHAU MASSAURE.

We are able to-day to place before our readers a full authoritative account of the terrible massacre of Missionaries at Lienchau. Our Canton correspondent's graphic n'arrative, gleaned from Dr Machle, the head of the Mission at Lienchau, and others, sets speculation entirely at rest concerning the origination of the tragedy. There was no upsetting of idols, no interference with 'jose pidgin,' as previously reported—and no action on the part of Dr Machle or his colleagues sufficient to warrant such terrible vengeance being visited upon theheads of the Mission by the natives. The suggestion that the massacre was due, to anti-Christian feeling is disproved by the fact that no native converts were attacked and no other Missions were molested. The connection seems to be rather with the anti-American crusade festered by the boycott November I fell overboard from a launch movement. The attitude and operation of Roman Catholic converts in the slaughter, however, seems to need considerable explanation. If, as is alleged, the French priest failed, when called upon, to use his influence, where it would be respected,

Deliberately Planned Crime.

(From our Correspondent.) CARTON, November 9, 1905.

There seems no reasonable doubt now that the atroclous massacra of the missiontrice at Lienchan was deliberately planned and as deliberately perpetrated. The trouble was entirely unprovoked by the misdonaries. While not directly connected with the boycoit egitation that unquestionably had so influed the people of Lienchau

they were prepared for the outbreak. While much still remains to be learned, the following recital of facts will throw

much light upon the question : THE BEGINNING OF THE TRACKDY. MISS CHAMBERLAIN SPEAKS

TO GIBLS OF BUSINESS AND OTHERS. AN INTERESTING PERSONALITY. IT would be selfish to withhold knowledge when it may be the means of helping others'; that is the motive of an interesting interview granted by Miss Dalsy Chamberlain to the Walsall Ad ertiur. Miss Chamberlain, who spoke with the full assent of her mother (Mrs Chamberlain, of 528 Bloxwichroad, Walsall, England), is as bright and active a worker as any gil in

the district.

death would have been a relief. My face Swing. and lips were colourless, for I have no blood in my veins. My broath was so short that on appeal occasions I fell down in the street from pure exhaustion. Unlike most appenic girls. I had a keen appoiits; in fact, it was unnatural. I suffered a great Rio Lima, Portuguese gunboat, for Macao deal with pains in the head and side - pains | Palermo, for Shanghai. which soldom left me. I went to the best | Hangsang, for Shanghai. doctor we could find. I took medicine, Ragin, for Shanghai. medicine, medicine-anything to get re- Rejaburi, for Bangkok.

Mrs. Chamberlain added: "One night Rubi, for Manila. my daughter came home, and as soon as Stautssekretar Kraetke, for Shanghai. she got in she dropped. I made sure she was dying. I had lead about Dr. Williams' pink pills, and I got her a bottle and made Trigonia, for Palambang. her take them regularly. From that time Yuensang, for Manile, she began to mend. I think I cried for joy | Progress, for Shanghai. whon I saw the alteration in her. The colour begin to blomn in her cheeks; her eyes, which had been dull, grew bright and she became quite active. She soon ceased to be troubled by shortness of breath, and before long she was in perfect health

Ausemia is simply bloodlessness. Dr. Williams' pink pills make new blood : they cure anomis just us food cures hunger. They are good for other troubles of women and girls; and of men, too, for they cure bile, indigestion, gout, rhoumatism, sciatica, heart discase, backache, paralysis, St. Vitus' dance, and all troubles that arise from poor blood or starved persos. Dr Williams' medicine co., Holborn-viaduct, Lordon England, send a bestle for two shillings and ninepence, six for thirteen and nine; but they can he had at most
